shops by removing the restriction that the different between the Central Issue Prices (CIP) and Retail Issue Price (RIP) should be within 50 paise per kg. for distribution of foodgrains to BPL families under T.P.D.S. The Government of India is already reimbursing road transport cost on actual basis for lifting of foodgrains from the base depots of FCI to the designated PDCs under the Hill Transport Subsidy (HTS) scheme for foodgrains allotted under PDS to the North Eastern States and hilly States. This will also be applicable for foodgrains lifted under AAY for Antyodaya beneficiaries @ 25 kg. of foodgrains per family per month.

(d) Keeping in view the extremely poor conditions of the Antyodaya families, the Government of India has suggested to the State Governments/UT Administrations to ensure that the end retail price is retained at Rs. 2 a kg. for wheat and Rs. 3 a kg. for rice. The expenditure to be borne by the State Governments in this regard would not be much; as compared to the net subsidy burden on the Government of India to the tune of about Rs. 1039 crores per annum.
